

LANCASTER SD CELEBRATES HIGH ADOPTION RATES & EXCEPTIONAL LEARNING GAINS AFTER ONLY 100 DAYS

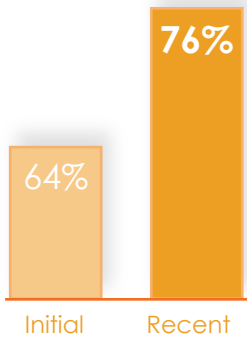

June 10, 2020

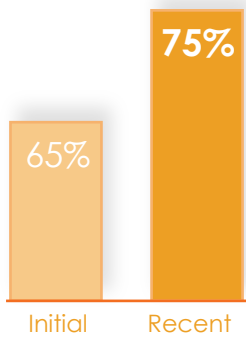

Led by Dr. Michele Bowers, the "Read, Lead, Succeed" community-wide literacy program produced impressive gains in its first 100 days - **with an average of 10% growth across all literacy domains**. Partnered with Footsteps2Brilliance, the program provides bilingual literacy apps free to every family within the Lancaster School District zip codes. Dr. Bowers' 100-Day Entry Plan immediately garnered the adoption of 3,000 families, representing a diverse population, to start using the program so far.

"Equity in education should no longer be something that we just talk about. There is no time more critical than now to ensure that all of our children, especially our children of color, have access to quality educational resources, engaging learning experiences, and the strategic support needed to be successful."
- Dr. Michele Bowers, Superintendent

Lancaster Teachers Recommend Footsteps2Brilliance

9.3/10

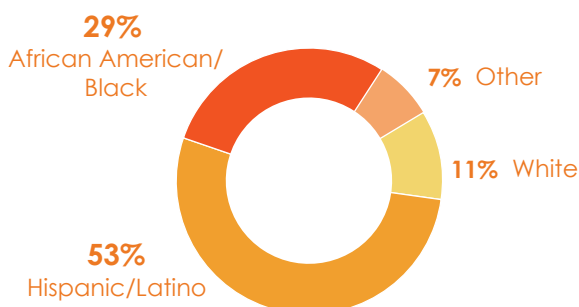

"It is a very kid and family friendly program."

"The ability to differentiate, intuitive for kids in mind, and full reports for the teachers to monitor instruction. Plus the Spanish resources are awesome!"

"Access on any device anywhere!"

"I appreciate that the texts have accompanying tools and games. I also appreciate the ability for students to create their own books to show what they've learned with me."
