

RESULTS OF FORT WORTH ISD'S FOOTSTEPS2BRILLIANCE INITIATIVE

Fort Worth ISD's implementation of the Footsteps2Brilliance digital early literacy program in English and Spanish empowered dual language students to spend more time on literacy at home and at school. Students read 95,564 books and were exposed to 55,216,642 words on the program. Students demonstrated gains in phonics, phonological awareness, and reading comprehension from data collected from over 335,955 skill games played. Additional time spent on literacy exceeded 21,800 hours reading and learning on the program.
